Custom Lanyards

YOUR EASY ORDERING GUIDE

1. SELECT YOUR MATERIAL

Standard Material Types

wv www

Bamboo: Comprised of rayon fibers that are made from Bamboo. Very soft to

Organic Cotton: Made with 100% organic cotton which is grown without the use of harmful chemicals or pesticides.

Anti-Microbial: Polyester material which contains nanoparticles that prevent the growth of germs. Perfect for healthcare and food service.

Recycled P.E.T: Made from 100% post-consumer waste.

2. SELECT YOUR IMPRINT METHOD

Standard Imprinting Methods

Silk Screen: The most economical

Dye-Sublimation: Color is dyed into the fabric. Ideal for intricate designs due to endless color options and fine detail. For best results, choose Smooth Polyester fabric.

Woven: The classic lanyard look! Each design is woven into the fabric, while the tight weave allows for a crisp, clean imprint. Choose up to 12 thread colors.

This is just a sampling of our custom lanyard offering. Turn the page for many more options and end fittings!

3. SELECT YOUR WIDTH

Width Options

There are four different width options, depending on which material you chose. The most popular width is 5/8".

Materials & Available Widths: Bamboo: 3/8", 5/8" & 3/4' Woven: 5/8", 3/4" & 1" Flat Woven: 3/8" Flat Tubular: 5/8"

All other material types come in all four widths.

4. SELECT YOUR ATTACHMENT

Attachment Options: An attachment is the component at the end of a lanyard that holds an ID card, keys or other items. Examples of our attachments can be seen to the left.

Breakaway: A breakaway is meant to release under certain pressure.*

*SPECIAL WARNING FOR BREAKAWAY LANYARDS—Breakaway performance SPELIAL WARNING FOR BREAKAWAT LANARDS—Breakaway performance will vary and lanyards will not break away under all conditions. The male/female part pull force specification for round breakaways is 3-11 lb. under tested conditions per M-3-QA-0167. The male/female part pull force specification for flat standard breakaways is 4-10 lb. under test conditions per M-3-QA-0167. A full description of the M-3-QA-0167 test procedure can be provided upon request. Not recon ended for use around moving objects or playgrounds.

Perfect for events!

DYE-SUBLIMATED LANYARDS

Dye-Sublimated lanyards are printed using PANTONE® color match. This process ensures that the artwork provided will match the printed lanyard, meet branding guidelines and keep color consistency with repeat orders. Please provide PMS colors for artwork when placing an order. A full-color, digital proof will be provided.

Minimum order quantity: 100 lanyards.

VARIABLE PRINTING ON BADGE REELS

New in our custom label service offering, variable text printing allows you to change the chosen text on your badge reel orders from one printed piece to the next.

While your logo or artwork stays the same, you now have the option to have parts of the custom text be variable from one reel to another. Print years of service, names, company divisions, or company titles to badge reel labels to create a personalized and unique accessory.

ROUND PLASTIC SWIVEL BACK BADGE REEL

SECURE CLOSURE DYE-SUB WRISTBANDS

A fully-customizable secure wristband for any event

Secure – Once attached to the wrist, this wristband cannot be removed unless the material is cut. This prevents transferring the wristband from one attendee to another, keeping event-goers in their designated places.

Customizable – The wristband's dye-sublimated material allows for full customization with four-color graphics, text and logos. Showcase your brand with vibrant color and clarity.

Comfortable – Lightweight and soft, the secure closure wristband is comfortable to wear all day and won't get in the way.

MIFARF1K

UBand

UBand[™] is a contactless technology solution that combines multi-faceted MIFARE[™] technology with the convenience and flexibility of a silicone wristband.

Applications of a Card, **Convenience of a Wristband!**

- Wearability Unlike cards, which need to be carried in a pocket or on an attachment, UBand remains attached to the user naturally, increasing the likelihood of use while decreasing the likelihood of loss or theft.
- Durability UBand is waterproof, sweatproof and can stand up to the rigors and wear and tear of dailv use.
- Flexibility UBand's flexibility is two-fold: material and usage. UBand's silicone rubber construction allows the band to stretch around the hand for easy, comfortable removal. MIFARE technology allows UBand to be customized to whatever uses a facility needs, including access, payments and more. Include the features you need and leave out those you don't.
- Customizability 20 color options make it easy to find one to suit any business, while three different wrist sizes (6", 7", 8") mean there is a fit for everyone. With custom printing available in emboss, deboss, or silk screen, it's simple to make the UBand unique.

125kHz Proximity Cards & Credentials

BRADYPROX[™] CARDS

BradyPROX[™] cards offer similar quality and are comparable to the most popular HID[®] brand prox cards. They are a smart, affordable card option that can be personalized with any standard PVC printer.

- Faster delivery: usually programmed and shipped within 48 hours**
- Lifetime manufacturer warranty*
- Printable card material (regular or composite) for PVC personalization
- Most industry standard formatting options available for easy integration with door access control systems.
- * A BradyPROX card has a limited lifetime warranty due to any manufacturer defect for the lifetime of the card.
- ** 48 hour lead time is for 100-1,000 cards. Lead times vary as volume increases.

Personalize with any standard PVC printer.

The applications of a card, the convenience of a wristband

Use our UBand wristband as a replacement for an access card in a system that doesn't require visual identification.

Unlike cards, which need to be carried in a pocket or on a lanyard, UBand remains attached to the user naturally, increasing the likelihood of use while decreasing the likelihood of loss or theft. UBand is waterproof, sweat-proof and can stand up to the rigors of everyday use.

- Standard UBand Prox Wristbands are available in black and blue.
- Additional colors and customization with a logo, graphic or text are available upon request. MOQ for custom orders is 1,000 pieces, with a lead time of five weeks.

HID® 13.56 MHz iCLASS CARDS

iCLASS[®] smart card technology was specifically designed to make access control more powerful, more versatile, and more secure. iCLASS 13.56 MHz read/write contactless smart card technology provides versatile interoperability in applications such as access control, network log-on security, cashless vending, time and attendance, event management and biometric identification.

iCLASS smart card technology ensures high security with mutual authentication between smart card and reader, encrypted data transfer, and 64-bit diversified keys for read/write contactless smart card capabilities. Securely separated files enable multiple applications and support future growth.

Visitor Management

VISITOR MANAGEMENT

Best Practices for Safety, Security and Success

In today's unsure times, your organization faces a myriad of potential threats: crime, vandalism, industrial espionage, global terrorism, and workplace violence, among others. **The security of your employees and property are at risk every day—and it all begins at your front door.**

Now more than ever, it's vitally important to have an effective Visitor Management system that will keep the wrong people out – and create a smooth, professional experience for your welcomed visitors.

Why is a **VISITOR MANAGEMENT SYSTEM** Important?

1. You know who is in your facility - at a moment's notice.

- Access to accurate, real-time records of non-staff personnel
- Seamless visitor documentation and an easy-to-access audit trail

2. You're prepared for visitors who may not be your friends.

- Improves the overall security of your personnel and property
- Ensures unauthorized visitors are not left unsupervised with your assets (VISITOR Escort Required)
- Creates a permanent record of meetings, dates and attendees for intellectual property disputes

3. You can safeguard all on-site personnel and visitors (and your regulatory compliance, too).

- In case of emergency, all staff and visitors can be marshaled to a safe area
- Ensures compliance with internal policies, occupational health and safety regulations, and government regulations (specific industries)

4. You can make a powerful first impression with your visitors.

- Enhances your corporate image with a professional-looking system and badges
- Creates an efficient sign-in process (and eliminates long lines in your lobby!)
- Improves productivity and eliminates human errors

One-Piece TEMPbadge[®] Expiring Badges

Activate in ONE easy step! Simply peel away the liner, press together and issue to your visitor!

All products shown on this page are

MADE IN THE USA!

HANDWRITTEN ONEstep TIMEbadge® EXPIRING BADGES

Visitor Badge Log Books - In-Stock and Custom

All products shown on these two pages are **MADE IN THE USA!**

VISITOR BADGE LOG BOOKS

Easy, cost-effective solution for recording and badging your visitors

The TEMPbadge[™] Visitor Badge Log Book is Visitor Management, simplified! This innovative sign-in system allows you to keep a record of your visitors and issue them a self-expiring visitor badge – all in one easy step!

- Confidential Visitor Documentation. When a badge is filled out, a duplicate copy is recorded (which cannot be seen by future visitors).
- Self-Expiring Visitor Badges. For added security, the badge will display a red-colored "VOID" after the visitor has been on site for the allotted time.
- Easy-to-Use, Low-Cost Solution. This simple sign-in system can serve as a complete Visitor Management solution without any extra equipment or software!

Customize It!

Call us today to start designing a Visitor Badge Log Book with your own custom graphics and text.

Use our in-stock version (shown on right) or create your own custom version with your logo, name, etc.

Over **300** colors added to our standard offering!

Standard Colors for Custom Lanyards

Colors are approximate and may appear slightly lighter or darker depending on printing conditions. A PANTONE® book should be used for more accurate color matching. Additional colors can apply to Smooth Polyester, Flexible Tubular, Flat Tubular and Woven-In Lanyards for an additional charge. Not available on Bamboo or Recycled PET materials.

CUSTOMIZATION INFORMATION

ARTWORK: The following computer files are acceptable:

Adobe Illustrator version 6.0 or less- all fonts converted to "OUTLINES" and saved as an .ai or .eps file.

Adobe Photoshop version 6.0 or less- files saved as .tiff, .bmp, .jpg, .psd or .gif (minimum DPI 150, logos from websites are **NOT** acceptable).

Adobe InDesign version 6.0 or less- all fonts converted to "OUTLINES" and package the links when sending the file.

Please specify the name and type of the files being sent. **DO NOT** embed files in a Microsoft Word[®] file. Include a color copy for color breakdown only. Pre-production, custom-imprinted samples are available for an additional charge.

Modifications to artwork will be quoted on a per order basis. A minimum charge applies. (No photocopies or faxes.)

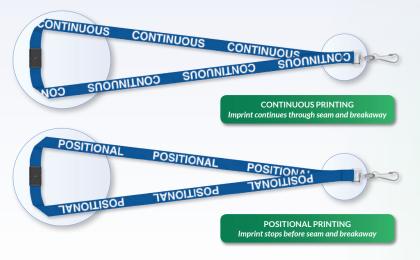

OVER/UNDER-RUNS: Every attempt is made to ship exact quantities, however we reserve the right to ship and bill 5% over or under quantity specified on order.

SET-UP CHARGES: A set-up charge may apply to orders. Call for details.

RUSH CHARGES: Additional charges may apply. Call for details.

CANCELLATION: Orders may be subject to a cancellation charge to compensate for any costs incurred prior to cancellation (i.e. artwork charges, printing plates, etc.).

CONTINUOUS PRINTING AND POSITIONAL PRINTING: Many lanyards come in either a continuously printed imprint or a positionally printed imprint. See diagram below for examples of printing styles.

PAD PRINTING: For plastics, metals, neck lanyard sliders, snap buckles, badge reels and detachable attachments. Provides a quality, durable imprint. Exact color matches cannot be guaranteed.

CLEAR EPOXY DOME: Provides permanent protection for a multi-color label. Available on round and diamond sliders, detachable attachments and badge reels.

DYE-SUBLIMATION: A permanent transfer process used on our neck lanyards and select wristbands. A digital image is transferred onto a white base allowing for fine, photo-realistic detail. Any color can be used for a base color.

PRODUCTION AND SHIPPING

PRODUCTION TIME: Timetables for shipping are based on credit approval, receipt of camera-ready art and proof approval. Production timetable is valid for all catalog products in catalog quantities. No guarantees are made as to arrival dates. Please specify and authorize special shipping which may be required to meet exact event dates or deadlines.

PACKAGING: Lanyards are bundled in quantities of 100. Additional charges may apply for other quantities or special requests. Call for quote.

DAMAGED SHIPMENTS: All merchandise is inspected, weighed, and carefully packed for shipment before leaving any of our warehouses. The freight company accepts liability when the shipment leaves our facility. Upon delivery of your shipment, promptly check the number and condition of cartons against the Bill of Lading totals before signing the freight Bill of Lading.

LIABILITY: The products become the customer's property upon delivery to the carrier. If damage or loss is discovered—either visible or concealed—you must file a claim with the freight carrier within 14 days of the delivery date.

BREAKAWAY INFORMATION

SPECIAL WARNING FOR BREAKAWAY LANYARDS: Breakaway performance will vary and lanyards will not break away under all conditions. The male/female part pull force specification for round breakaways is 3-11 lb. under tested conditions per M-3-QA-0167. The male/female part pull force specification for flat standard breakaways is 4-10 lb. under test conditions per M-3-QA-0167. A full description of the M-3-QA-0167 test procedure can be provided upon request. Not recommended for use around moving objects or playgrounds. LIMITED BREAKAWAY WARRANTY: Customers should test the breakaway feature suitability for their use and environment. This product is subject to a limited warranty. Seller warrants to the original purchaser for use that the goods or any component thereof will be free from defects in workmanship for a period of one year from the dates of purchase. Seller's sole liability and the purchaser's sole remedy for a failure of goods under this limited warranty, and for any and all claims arising out of the purchase and use of the goods, shall be limited to the repair or replacement of the goods that do not conform to this warranty. There are no express or implied warranties covering these goods other than as set forth above.

GENERAL INFORMATION

We reserve the right to change pricing of products or services without notice. Imprints, logos or trademarks displayed in this catalog are for purpose of showing printing capabilities only. Use of such does not constitute an endorsement of the product, nor does it indicate that the product has been used or purchased by the person or company whose name or logo appears on the product.
